Dear Parents and Guardians:

I am participating in a national professional development process concerning principal use of time. As a principal I try to make work with teachers, to improve their practice, and time with students, to improve their learning, my priority.

Management duties, however, often get in the way. I am starting the SAM process so I can increase my time with students and teachers. A SAM is a person who meets with me each day to schedule instructional time with students and teachers. The person who has agreed to be my SAM is Mrs. Pinter.

In the event you call or stop in to speak with me and I am unavailable, Mrs. Pinter will ask you if you'd like to discuss your issue with one of my First Responders, who is someone who has been identified to assist and support me. They will provide you with efficient, effective, and a quick response to your needs. You also have the option of scheduling an appointment with me at a time when I am available; Mrs. Pinter can assist you with that, as well.

I would like to thank everyone for their understanding and support to the instructional improvement of the school!

Sincerely,

David Lawrence, Principal
