Dear Students and Parents:

On behalf of the staff at Ladd School, I would like to welcome all of our students and parents to the 2021-2022 school year. Our staff is looking forward to an exciting and rewarding school year.

As always, the Ladd Staff has high expectations for all of our students. Our primary goal is to provide a safe, warm, and nurturing environment to create learning opportunities that motivate children to develop to their fullest potential. We believe that children have a natural desire to learn, but must be taught how to become independent learners. To be successful in the 21st Century, people need to use new information, creatively problem solve, effectively adapt to change and learn to be part of a team. We believe that our students need to attain these skills to become responsible citizens so they can make productive contributions to our society. The students of today are the future of tomorrow!

I invite both students and parents to become an integral part of our learning community. In this community, students, parents, staff and community members need to work collaboratively to promote the importance of education and to provide the best possible education for every one of our students.

Without student involvement, there would be no learning community. It is the responsibility of each student to learn as much as you possibly can. The more you learn now, the better prepared you will be for your future. Parental involvement in school is equally important to a child's overall educational experience. By cooperating and supporting each other, parents and teachers will all be able to do their jobs more effectively.

We are looking forward to a very challenging and rewarding school year. Students, throughout the year talk with your teachers when you have questions or concerns about anything. We are here to help you. Parents, if you have questions or concerns about your child's progress in the classroom, please contact your child's teacher. If you have any other questions or concerns, please contact our office and we will direct you to the staff member who can best assist you. Ladd School's office is open Monday through Friday from 8:00 – 4:00. Please feel free to call or stop by any time. We want this to be your best school year ever!

Mrs. Michelle V. Zeko, Superintendent

Dear Parents/Guardians:

A successful school experience for any student can be achieved only when there is complete understanding and cooperation between home and school. It is our hope that your child, while attending school, will enjoy a most successful school experience.

The school makes only one demand of its students. It asks that every member contribute their talents and energy to the best of their ability. We attempt to channel this energy in the proper direction and give your students a wide range of educational opportunities. Your support of your student in completing class work, homework, and long-term projects, as well as their involvement in extracurricular activities, is both encouraged and expected. Your investment will prove itself to be invaluable.

Through your interest in your child's program and school activities, it is our hope that we shall come to know you well during the school year.

STUDENT/PARENT HANDBOOK

1. *This handbook is not intended to create a contractual relationship with the student; rather, it is intended to describe the school, its current practices, procedures, rules, and regulations (or code of conduct.). Membership or participation in a school-sanctioned activity is a privilege and not a right.*
 2. *In addition, the principal, within the school, may establish certain written rules and regulations not inconsistent with those established by the Board of Education and the Superintendent of Schools.*
 3. *This handbook is provided to the students and their families to acquaint them with the rules, regulations, procedures, and other relevant information necessary for the orderly functioning of the school. It has been structured to help promote student progress as well as an interest in modeling appropriate school government. In addition, this handbook provides for the physical and psychological safety of the students through appropriate rules and regulations.*
 4. *When violations of school disciplinary rules and regulations occur, it is the responsibility of involved teachers and administrators to work with the student, their parents, and other support personnel to help the student correct the individual's behavior. All disciplinary actions shall be directed toward protecting the welfare of the school community as well as helping the student develop self-discipline. When determining the response for a specific breach of discipline, school personnel will consider the nature of the act, the student's previous history, their age and maturation, any mitigating circumstances, and the effect of their actions on the welfare of the school community. Disciplinary responses may include, but are not limited to, the following actions described in this handbook.*

11:55-2:20	Wednesday Afternoon Pre-K

All students may arrive at school at 8:00 a.m. for breakfast. If eating breakfast at school, students should enter the north door by the concession stand and go straight into the Spirit Spot for breakfast. There will be no outdoor supervision before 8:05. Students not eating breakfast should not arrive before 8:05.

Cancellations and Early Dismissals:

1. If there is an unexpected cancellation of school due to adverse weather or other unexpected reasons it will be announced on the radio (WLPO/WAJK and WZOE) as early as possible. Usually, if Hall High School cancels, so will Ladd School. Alerts about cancellations will also be sent out through TeacherEase.
2. If school is in session and there is an “Emergency Early Dismissal” it will be announced on the radio immediately.
3. School cancellations and emergency dismissals will also be announced through the BCRalerts service. Parents may choose to sign up for this free service to receive texts/and or emails of school closings, early dismissals, or event cancellation information from the Bureau County Republican by accessing their website, bcnews.com, and following the link on the right side of the page.
4. Please make arrangements in advance with your children so that they have a place to go, should there be an emergency dismissal, especially if you are not going to be home.

When school cannot be in session, remote learning may be an option. The Superintendent shall develop, maintain, and supervise a remote educational program consistent with *105 ILCS 5/10-29*. The remote

educational program shall provide an opportunity for qualifying students to participate in an educational program delivered by the District in a location outside of the school.

Visitors:

All visitors to Ladd School are to enter through the main door, and check in and out in the office. Visitors must sign in, show valid identification, and wear a visitor's badge to remain on the property. When leaving the school, visitors must return their badge and sign out. Parents/Guardians are welcome to visit the school at any time after checking in at the office and following these procedures. Students are not to bring younger brothers and/or sisters to school. Our experience has shown that bringing friends or relatives to visit in the school does not benefit the visitor and frequently distracts other students from their normal school work. Therefore, we cannot give permission for other students to visit during the school day. These regulations are for the protection of the student and in accordance with the Illinois School Code. The School District expects mutual respect, civility, and orderly conduct among all people on school property or at a school event.

Non-Custody Parent Rights:

It is the intention of the Ladd CC School District 94 to comply with both the laws and decisions of the court system in child custody cases. Therefore, parents with custody of their children must furnish the school with court orders which prohibit the release of students, or records, or both, to non-custody parents. Non-custody parents have the right to information on grades and school progress, and this information will be provided by mail, if a request is made in writing to the school by the non-custody parent, unless a court order indicates that this right has been refused. In cases of parental conflict, the school will contact the Sheriff's office, or other social agency, as necessary to protect the interests of the child.

Family Privacy Rights:

Parents/guardians may request that their child not participate in surveys that concern one or more of the following eight areas.

- Political affiliations or beliefs of the student or student's parent/guardian;
- Mental or psychological problems of the student or student's family;
- Sexual behavior or attitudes;
- Illegal, anti-social, self-incriminating, or demeaning behavior;
- Critical appraisals of others with whom the student has close family relationships;
- Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
- Religious practices, affiliations, or beliefs of the student or parents/guardians; or
- Income other than a required by law to determine program eligibility.

The school will not penalize any student whose parent/guardian exercises this option. In addition, a parent/guardian may review surveys asking questions about the above areas as well as other instructional materials. School Board Policy 7:15 Student and Family Privacy Rights, contains a more thorough explanation of these rights and may be obtained from the Building Principal.

Free and Reduced Lunch:

We are proud to provide a hot lunch and breakfast program here at Ladd CC School. In order to provide the best meals possible, and keep costs at a reasonable rate, we need the full cooperation from parents and students to ensure the success of this program. In addition to hot lunch, grades 5-8 will be able to purchase "extras/a la cart".

- The meal program operates as a debit account. Meals must be paid for **before** the student eats. A monthly menu is available on the school's website. Parents without internet access may request paper copies by contacting the school office.
- You may pay by cash, check, or money order. We strongly recommend payment by check for the best accountability.

- If your child’s balance falls below \$5.00, a note will be sent reminding parents to increase the child’s account. If a student’s account is depleted of funds, the child will be served a meal and the account will be charged and a second notice will be sent to the parent.
- Free and reduced lunches are available through government subsidy to those families who meet the government qualifications. Parents who wish to apply must fill out the government form requesting free or reduced lunches.

Fees:

Book rental fees include textbooks, workbooks, Weekly Readers and other publications, plus art/music, etc. supplies furnished by the school district. **Fees should be paid at registration.** If you feel that you are unable to pay student fees, Fee Waiver applications are available in the office. If books or school-owned materials are lost or damaged beyond repair parents will be charged a replacement fee for the item(s). All delinquent fees owed to Ladd CC School are turned over to the school’s attorney for collection at the end of each fiscal school year on June 30th.

Admissions and Transfers:

Age - To be eligible for admission to Kindergarten, a child must be five years of age by September 1st of that school term. Children who enter first grade must be 6 years of age by September 1 of that school year. A child with exceptional needs who qualifies for special education services is eligible for admission at 3 years of age. Parent(s)/guardian(s) may request early admission for a child. The Superintendent or designee shall assess the child’s readiness to attend school and make the decision accordingly.

Admission Procedure - All students must register for school each year on the dates and at the place designated by the Superintendent. Parents/guardians of students enrolling in the District for the first time must present the following:

- A certified copy of the student’s birth certificate or other reliable proof of identity and age. Upon the failure of a person enrolling a student to provide a copy of the student’s birth certificate or other reliable proof of identity and age, the Building Principal shall immediately notify the local law enforcement agency and shall also notify the person enrolling the student in writing that, unless he or she complies within ten (10) days, the case shall be referred to the local law enforcement agency for investigation. If compliance is not obtained within that ten (10) day period, the Principal shall refer the case. The Principal shall immediately report to local law enforcement any material received pursuant to this paragraph that appears inaccurate or suspicious in form or content.
- Proof of residence in the district as required by *Board Policy 7:60, Residence.*
- Proof of immunization or detection and the required physical examinations as required by State law and *Board Policy 7:100, Health Examinations, Immunizations, and Exclusion of Students* (See section on Health Examinations, Immunizations, and Exclusion).

Student Transfers To and From Non-District Schools - A student may transfer into or out of the District according to State Law and procedures developed by the Superintendent. A student seeking to transfer into the District must serve the entire term of any suspension or expulsion, imposed for any reason by any public or private school, in this or any other state, before being admitted into the School District.

Examinations and Immunizations:

State Law requires written evidence of physical examinations, including age-appropriate developmental screening, social-emotional screening, for all students registering for the first time and the grade levels below. Immunizations for Polio, Diphtheria, Tetanus, Pertussis, Measles, Rubella, Hepatitis B, Varicella, and one dose of Meningococcal vaccine are also required. Proof of immunity shall be documented evidence of having received a vaccine or proof of disease verified by a healthcare provider. (Section 655.250) The only waiver of evidence of immunizations is through written objection that these requirements conflict with religious tenets or practices, or that the physical condition of the child is such that compliance would be a hazard to the health of the child. Proof of examinations must be submitted prior to October 15 of the school year. New students to the district registering after October 15 will have 30 days from the date of registration to submit all medical examination records required. *A STUDENT WHO DOES NOT COMPLY WITH THE REQUIREMENTS BY OCTOBER 15 WILL BE DENIED ENTRY TO SCHOOL UNTIL COMPLIANCE IS MADE.*

Kindergarten:

- Proof of a physical examination
- Proof of up to date immunizations
- Proof of lead screening
- Proof of dental exam
- Proof of vision exam

Second Grade:

- Proof of dental exam

Sixth Grade

- Proof of physical exam
- Proof of up to date immunizations
- Proof of Dental Exam

Communicable and chronic infectious disease:

A student with or carrying a communicable and/or chronic infectious disease has all rights, privileges, and services provided by law and the District's policies. Parents/Guardians need to notify the building principal if their child has a communicable or infectious disease. If the child has a communicable disease a note indicating that the child may return to school is required from the attending physician. (moved from attendance section) The Illinois Department of Health mandates exclusion from school on a case by case basis for the following diseases: Chancroid, Chickenpox, Diphtheria, E. Coli, Fifth Disease, Viral Gastroenteritis, Giardiasis, Hepatitis, Herpes Simplex Virus, HIV, AIDS, Impetigo, Infectious Mononucleosis, Influenza, Measles, Meningitis, Mumps, Pertussis, Pink Eye, Pinworms, Polio, Rash, RSV, Ringworm, Rubella, Salmonellosis, Scabies, Shigellosis, Shingles, Strep Throat, Scarlet Fever, Tuberculosis, and COVID-19.

Emergency Procedures:

Student safety is our District's top priority. Our district has developed a Comprehensive Safety and Security Plan. In addition to physical safety, the District is concerned with student's emotional well-being and will help students cope with an emergency or disaster and its aftermath. For this reason, the District approaches every emergency plan with four values: prevention, preparation, response and recovery. State law mandates that emergency plans, including Ladd's Emergency Operations Plan be reviewed annually. During any emergency or potential disaster and for the safety of all students and staff, please follow the instructions of the District Safety Coordinator as well as the Building Principal.

Communications – The District will share emergency information via its website, information hotline, the media, telephone contact, and/or the Bureau County Republican's free bcr alerts system. Parents may go to bcnews.com to sign up. Select More on the menu ribbon, then select bcr alerts.

Lockdown/Evacuation – During a lockdown, no one may enter or leave the building until it is safe to do so. For evacuation purposes, each school has at least one off-campus site where students and staff assemble to be accounted for and temporarily housed. If students are evacuated, students at Ladd CC School will go to the Ladd Fire Station and the Community Center. You may pick up your child at these locations after notifying the school official in charge.

If you have any questions, please feel free to contact the District office or your child's Principal. In the meantime, thank you for your cooperation and support.

Student Accident Insurance:

All K-8 students are provided with School Time insurance coverage at no cost to parents/guardians for the 2020-2021 school year. This coverage is for medical expenses from accidents that occur while attending regular school sessions and school provided travel between school and up to one hour before or after regular classes. It also covers students participating in extracurricular activities and travel to and from the activity in any vehicle owned or leased by the school and supervised solely by school employees. Parents/guardians may purchase 24-hour coverage through the Illinois School District Agency. This is accident insurance only and can be purchased per school year. Please contact the office for an enrollment form or for additional information.

Administration of Medicine:

Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child and follow the District's procedures on dispensing medication. Medication must be brought to the school in containers appropriately labeled by the pharmacy. The name of the doctor must be on the container.

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication. *No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures.*

A student may possess an epinephrine auto-injector (EpiPen®) and/or medication prescribed for asthma for immediate use at the student's discretion, provided the student's parent/guardian has completed and signed a "School Medication Authorization Form." The School District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. Additionally, students with a diabetes care plan can perform all aspects of diabetes care, and in any area on the school grounds.

Pandemic Policies and Procedures:

A pandemic is a global outbreak of disease. Pandemics occur when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads rapidly. Ladd CCSD 94 plays an essential role, along with surrounding school districts, the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency. During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of Ladd School to provide your child with the best educational opportunities possible.

- All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the discretion of the Governor, Illinois Department of Public Health, the Bureau, Putnam and Marshall County Health Departments, and the Regional Office of Education.
- Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
- Students will be expected to participate in blended and remote instruction as required by Ladd School. Parents are responsible for ensuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
- All school disciplinary rules will remain in effect during in-person, blended, and online learning activities during a pandemic. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
- Students, parents and staff will be required to observe all public health and safety measures implemented by Ladd School in conjunction with state and local requirements.
- During a pandemic or other health emergency, Ladd School will ensure that educational opportunities are available to all students.
- School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
- Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact the principal.
- During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
- In accordance with state mandates, Ladd School may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
- Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
- Should a child begin exhibiting symptoms of the pandemic or other health emergency at school, parents will be notified and will be held responsible to have their child picked up as soon as possible. It is the responsibility of the parent to make sure that the school has their most current contact information.
- Please do not hesitate to contact the principal if you have any concerns regarding your child's education, health, or safety.

Homeless Students:

Any homeless child shall be immediately admitted, even if the child or child's parent(s)/guardian(s) is unable to produce records normally required for enrollment. Board Policy 6:140, Education of Homeless Children, and its implementing administrative procedure, govern the enrollment of homeless children.

Special Education:

A student may not be expelled for behavior which is the result of a handicap as defined in the Illinois revised Statutes, Chapter 22, Section 14-1.01 through 14.1.07 and the Rules and Regulations to Govern the Administration and Operation of Special Education. If the child is a direct physical danger to themselves, other students, faculty, or school property, a student may be removed from school, suspended, or expelled. If evidence is presented during an expulsion or suspension proceeding which indicates that the student's behavior is symptomatic of, or results from, a handicap as defined in the Illinois Revised Statutes or Special Education Rules and Regulations, the student shall be referred for special education evaluation pursuant to the Rules and Regulations to Govern the Administration and Operation of Special Education.

Any student meeting the criteria for participation in any Special Education Program at the Ladd CC School shall be allowed the following adjustments to Disciplinary measures in order to comply with Public Law 94-142.

- Any reported violation of the student Disciplinary Code will result in a conference with the administration and the Special Education teacher directly involved for the purpose of determining if the misconduct/behavior is related to the child's handicap.
- In consultation with the Special Education teacher and, when warranted, remediation will be provided in appropriate disciplinary measures as prescribed by the Student Disciplinary Code of the school. The parents will be informed by telephone, if possible, and by letter if the violation is not related to the child's handicap.
- Disciplinary action for violations which are determined to be unrelated to the child's handicap will be dealt with as stated in the Student Handbook.

Speech/Language Screening:

In accordance with PL. 94-142/IDEA, Ladd CC School will provide Speech-Language Services to its students. In order to identify students in need of Speech-Language Services, screenings will be conducted. During the screenings, which last approximately 10 minutes, the Speech Pathologist will listen for the way each child produces sounds in words, the way he/she puts words together to form sentences, the influence of his/her speech (stuttering) and the quality of his/her voice along with some other language skills. Students who will participate in the screening include all new students to the District whose file contains no records of a Speech Screening (including Kindergarten students) and transfer students from out of state. Parents will be notified if their child is in need of further speech-language evaluations.

Asbestos Management Plan:

It has been determined by the Illinois Department of Public Health and the Federal Environmental Protection Agency that asbestos is a potential health hazard, and precautions should be taken to avoid disturbing any asbestos-containing materials. The AHERA law requires that visual surveillance of asbestos containing areas be completed every six months, and a re-inspection conducted every three years. Any evidence of disturbance or change in condition will be documented in the Management Plan as required. The Inspection/Management Plan is available for public review in the school office. Should you wish to review the plans, please call to make an appointment between 8 a.m. and 4 p.m. Any concerns relative to asbestos should be directed to Michelle Zeko/Jay McCracken, Superintendent at 815-894-2363.

Pest Management:

In 1999 the Illinois General Assembly passed laws requiring that public schools notify parents/guardians and school employees at least 48 hours prior to any pesticide applications on school property. The term "pesticide" includes insecticides, herbicides, rodenticides, and fungicides. The notification requirement extends to both indoor and outdoor pesticide applications. Excluded from the notification requirement are antimicrobial agents (such as disinfectants, sanitizers, or deodorizers), insecticide baits, and rodenticide baits. Ladd Community Consolidated School District #94 has therefore established a registry of people who wish to be notified. To be included in this registry, please send written request to: Superintendent, Ladd Community Consolidated School District #94, 232 East Cleveland Street, Ladd, IL 61329.

Offender Notification Laws:

State law requires the school to notify parents/guardians that information about sex offenders and violent offenders against youth is available to the public. You may find the Illinois Sex Offender Registry on the Illinois State Police's website at: <http://www.oisp.state.il.us/sor/>

You may find the Illinois Statewide Child Murderer and Violent Offender Against Youth Registry on the Illinois State Police's website at: <http://www.isp.state.il.us/cmvo/>

STUDENT INFORMATION

Transportation Policies and Procedures:

Due to safety concerns in the lower grades, teachers of Grades Pre-K - 4 will line up the bus students in the classrooms at the end of the school day and escort them to the doors. The teachers will see that all bus students in their class get on the bus to return home.

If your child will not be riding the bus home after school it is **extremely** important that a note signed by the parent be sent to the teacher informing them of the change in plans, and who will be picking the student up from school. **All bus students will be sent home on the bus unless the teacher receives a note.** We ask that you discuss after-school plans with your child before sending him/her to school so they know where they need to go. If your child has a regular after-school activity on a particular day of the week, you may send one note informing the teacher that for the rest of the year on that day of the week, your child will not be riding the bus (for example, music lessons, tumbling, religion, etc.).

Johannes Bus Service, Inc. 1-888-712-3506

Safety on Johannes school buses is a primary concern. In order to facilitate safe transportation for their children, parents must cooperate with school officials in stressing the following rules of conduct. If possible, parents should notify drivers the day before, if their children will not be riding the next morning.

Penalties: Under the school code 10-22.6 gross disobedience or misconduct in school or on a school bus qualify a student for suspension. The bus driver is in complete charge and has been instructed not to tolerate any misbehavior. Misbehavior or unreasonable conduct will be reported to the Principal or Superintendent. **Students who continually violate school bus rules will have their bus riding privileges suspended and will have to be transported to school by their parents until proper conduct on the bus can be assured.**

On the bus, Ladd students will...

- Treat bus drivers with the same respect they give their teachers
- Be at their bus stop 5 minutes prior to their bus time
- Walk to the bus and board responsibly
- Only board the bus from the door side of the street
- Sit in their seats, facing forward at all times
- Keep hands and feet out of the aisles
- Keep hands, feet and other objects to themselves

Bus Discipline

Bus behaviors may be directed to the principal at any time and students may receive school consequences for their behavior on the bus at the discretion of the principal. Behaviors that are repetitive or significant

may result in a written notice from the bus company. Video recordings are maintained by the bus company and may be reviewed by administration at any time to monitor behavior.

FIRST OFFENSE: A written warning to the student. The parents will be notified with a phone call and sent a copy of the discipline notice.

SECOND OFFENSE: Suspension of riding privileges for 5 school days with a written report to the parents. It is hoped that the parents will help prevent a re-occurrence. The parent will be called by phone.

THIRD OFFENSE: Suspension of riding privileges for 10 school days and a written report to the parents. The parent will be called by phone and sent the report.

FOURTH OFFENSE: Immediate suspension of riding privileges for the remainder of the school year. The parent will be called and sent the report.

If a student needs to leave during the school day for any reason, the student’s parent or guardian must sign the child out in the main office at the time of the child’s departure. If unavailable, the parent or guardian must designate in writing another responsible person to pick up the student. This responsible person must sign the child out in the main office. Two locks will be issued by serial number to students in grades 5-8, one for the hall, and one for the locker room. If locks are not returned in good working condition at the end of the year, parents will be charged a \$10.00 replacement fee per lock. Students should not share combinations with anyone, even their best friend. Stickers, labels, posters, etc. may **not** be hung or pasted in assigned desks/lockers. The Family Educational Rights and Privacy Act (FERPA), the Illinois Student Records act, and the Children's Privacy Protection and Parental Empowerment Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's educational needs. They are:

1. The right to inspect and copy the student's education records within 10 business days after the date the District receives a request for access.

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. Parents/guardians or students should submit to the Building Principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent(s)/guardian(s) or student of the time and place where the records may be inspected. The District may extend the response timeline to 15 business days in accordance with ISSRA. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning a student. 105 ILCS 5/10-22.3c and 10/5a; 750 ILCS 60/214(b)(15).

2. The right to request the amendment of the student's education records that the parent(s)/guardian(s) or eligible student believes are inaccurate, irrelevant, or improper.

Parents/guardians or eligible students may ask the District to amend a record that they believe is inaccurate, irrelevant, or improper. They should write the Building Principal or the Official Records Custodian, clearly identify the record they want changed, and specify the reason.

If the District decides not to amend the record as requested by the parents/guardians or eligible student, the District will notify the parents/guardians or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

3. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or ISSRA authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent(s)/guardian(s) or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. Individual board members do not have a right to see student records merely by virtue of their office unless they have a current demonstrable educational or administrative interest in the student and seeing his or her record(s) would be in furtherance of the interest.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

When a challenge is made at the time the student's records are being forwarded to another school to which the student is transferring, there is no right to challenge: (1) academic grades, or (2) references to expulsions or out-of-school suspensions.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent(s)/guardian(s) can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

4. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least five years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after five years, be transferred to the parent(s)/guardian(s) or to the student, if the student has succeeded to the rights of the parent(s)/guardian(s). Student temporary records are reviewed every four years or upon a student's change in attendance centers, whichever occurs first.

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the Building Principal within 30 days of the date of this notice. No directory information will be released within this time period, unless the parent/guardian or eligible student is specifically informed otherwise.

No photograph highlighting individual faces is allowed for commercial purposes, including solicitation, advertising, promotion or fundraising without the prior, specific, dated and written consent of the parent or student, as applicable; and no image on a school security video recording shall be designated as directory information.

5. The right to request that military recruiters or institutions of higher learning not be granted access to your secondary school student's name, address, and telephone numbers without your prior written consent.

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the student's parent/guardian, or a student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the Building Principal where your student is enrolled for further instructions.

6. The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.

7. The right to file a complaint with the U.S. Dept. of Education concerning alleged failures by the District to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office

U.S. Department of Education

400 Maryland Avenue, SW

Washington DC 20202-4605

Retention and Destruction of School Records

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least five years after the student transfers, graduates, or permanently withdraws. Individuals adding information to a student's temporary record must include their name, signature, and position and the date the information was added. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after five years, be transferred to the parent(s)/guardian(s) or to the eligible student.

Cell Phone and Electronics Policies:

Teachers and students will not be called to the telephone during the school day, except in an emergency. Telephones in the school are for business purposes and may be used by students only in an emergency. There is a telephone available in the hallway for student use after school if needed.

The possession and use of smartphones, cell phones, and other electronic devices, are subject to the following rules:

- They must be kept in the student's locker at all times.
- They must be turned **off** during the regular school day unless the supervising teacher grants permission for them to be used or if needed during an emergency.
- They may not be used in any manner that will cause disruption to the educational environment or will otherwise violate student conduct rules.
- They may not be used for creating, sending, sharing, viewing, receiving, or possessing *indecent visual depictions* or *non-consensual dissemination of private sexual images* as defined in State law, i.e., *sexting*. Possession is prohibited regardless of whether the depiction violates State law. Any cellular phone or electronic device may be searched upon reasonable suspicion of sexting or other violations of policy. All sexting violations will require school administrators to follow student discipline policies in addition to contacting the police and reporting suspected child abuse or neglect when appropriate.
- Electronic study aids may be used during the school day only if the student has that modification on an IEP

Failure to follow these guidelines will result in confiscation of the device. If a student's cell phone or smart device is confiscated two or more times during the school year, parents will need to pick them up in the office after school.

Cell phone and smart device use at extra-curricular events is at the discretion of the coaches when students are not-in the competition area. Unauthorized cell phone or smart device use at events will result in the coaches confiscating the device, and return will be at the discretion of the coaches. Coaches may enforce consequences for unauthorized cell phone or smart device use. The use of technology as educational material in a curriculum-based program is not a necessity but a privilege, and a student does not have an absolute right to use his or her electronic device while at school.

* The School District is not responsible for the loss or theft of any electronic device brought to school.

- Redirecting students with respect and holding behavior conversations away from others
- Refraining from engaging in an argument or power struggle with a student
- Refraining from the use of sarcasm or harsh language in discipline conversations
- Acknowledging students demonstrating appropriate behaviors
- Analyzing the reason a student is not complying with behavior expectations, including motivation,
- educational needs, environmental factors and behavior patterns
- Collaborating with teacher teams, administration and parents to develop behavior plans to address inappropriate behaviors
- Using a variety of consequences within the classroom with a focus on preserving instructional time

In an effort to keep parents informed of any concerns regarding their child/children's conduct in school or at school functions, the staff will use the following reporting system:

If a student does not follow accepted school procedures and does not respond to reteaching of appropriate behavior, the staff member will complete a Disciplinary Report form in triplicate. The report will indicate the infraction and the steps taken to correct the problem. The teacher will retain one copy, the school office will file one copy, and one copy will be sent to the parents.

If the infraction is minor, the teacher will indicate the actions taken to remedy the problem listed on the report. If the problem is chronic or is of a serious nature, the Principal/Superintendent will determine the remediation.

Disciplinary Procedures:

The following are examples of the disciplinary procedures that are utilized by the Ladd School System and/or are authorized by State Laws:

- Verbal warnings without filling out a report form.
- Verbal warnings with a written report.
- Loss of privileges. (*Examples include: staying in for a portion or all of a recess period, loss of the privilege of attending field trips and/or loss of the privilege of attending extra-curricular activities.*)
- Additional assignments or reports.
- Detentions.
- Suspension. Suspensions are assigned for serious offenses. (*A suspension is defined as the exclusion of a student from school and/or denial of educational services to which the student would otherwise be entitled, for a period not to exceed ten (10) school days.*) In school suspension for chronic classroom misbehavior is exclusion from the classroom for one to ten school days. Out of school suspension is the exclusion of a student from the school for a period of from one to ten days. The Board of Education has delegated to the Superintendent the power to suspend students in accordance to State laws and regulations.
- Expulsions. Expulsions are assigned as a final measure. (*An expulsion is defined as an exclusion of a student from school and/or denial of educational services, to which the student would otherwise be entitled for a period of more than (10) days.*) Expulsions are identical to suspensions except for the duration of time.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

The School Code of Illinois will be followed in all cases of suspension and expulsion of students except those set forth in paragraph 2 below. Prior to the imposition of any suspension, the following procedures shall be observed:

- The suspending school official shall give the student oral or written notice of the charges and the evidence to support the charges.
- If the student denies the charges, an opportunity shall be given for the student to present an explanation in a conference with the suspending school official.
- The suspending school official shall make a decision and then inform the student if suspension is to be imposed.
- Students whose presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process may be immediately removed from school. In such cases the requirements of notice and hearing shall follow as soon as possible.

At least two days prior to suspension and immediately following such misconduct, the superintendent shall notify in writing, by registered mail, the parents or guardian of the student of the following:

- The reason(s) for the suspension, including a copy of the specific rules and regulations allegedly violated by the student.
- The beginning date and the total number of days of the suspension.
- The right of a review of the suspension will follow the procedure of Board Policy 7:200. A request for a review hearing shall be submitted in writing within two days after the receipt of the suspension notice. Unless said review is requested within two days by the parents or guardians of the student, the right to review is revoked.
- Upon request of the parents or guardians, a hearing shall be conducted by the Board of Education or a hearing officer appointed by the Board to review the suspension. After the hearing, the parents or guardians of the student may appear and discuss the suspension with the Board or its hearing officer. If a hearing officer is appointed by the Board, they shall submit to the Board a written summary of the

evidence heard at the meeting. After its hearing upon receipt of the report of the hearing officer, the Board may take such action as it finds appropriate.

The Board of Education may expel students for gross disobedience or misconduct. Such expulsion shall take place only after a review hearing by the Board of Education or the Board has taken action upon the findings submitted by a hearing officer appointed by the Board of Education.

The student and the parent(s) or guardian(s) of the student shall be notified by registered or certified mail of the following: The reason for the expulsion, including a copy of the specific rules and regulations allegedly violated by the student; the time and place of the hearing; the review hearing procedures set forth in the section below.

The hearing shall be conducted at a time and date mutually convenient to the parties involved. The hearing shall be conducted in closed session at the request of the parents/guardians or school administration.

The student shall be afforded the following: The right to be represented by counsel (at the expense of the student or parents); the right to present evidence and call witnesses; the right to cross examine the opposing witnesses.

A written decision shall be issued to the student and the parent(s) or guardian(s) within ten (10) school days after the review hearing conducted by the Board of Education. It shall contain a statement of the facts and the basis for the decision.

A student will be requested to complete school work and will receive full credit the first time they are suspended from school. A second suspension will result in reduced credit for work covered over the suspension. Work will still be required to be completed in full, and if not, no credit will be given.

Legal Interventions:

All requests by agency or police officials to interview a student shall be handled according to procedures developed by the Superintendent.

Interviews by Police

- The Building Principal will check the police officer's credentials and any legal papers such as warrants for arrest, search warrants, or subpoenas to be served.
- The Building Principal will attempt to contact the student's parent(s)/guardian(s) if possible, and inform them that the student is subject to an interview. In extreme emergency situations, DCFS employees, law enforcement personnel, or treating physicians may, in effecting temporary protective custody, request that the District not notify parents until the child's safety is ensured. The Building Principal should ask that such a request be put in writing. The parent(s)/guardian(s) will be given the opportunity to be present and be represented by legal counsel at their own expense. Interviews of a minor without permission of the parent(s)/guardian(s) is not permitted unless it is an emergency or a legal process is presented.
- Interviews will be conducted in a private setting. If the parent(s)/guardian(s) are absent, the Building Principal and one other adult witness, selected by the Building Principal, will be present during the interview.
- Interview proceedings will be documented in writing for inclusion in the student's temporary records.
- No minor student shall be removed from the school by the police officer without the consent of a parent(s)/guardian(s), except upon service of a valid warrant of arrest or in cases of warrantless temporary protective custody.

Interviews by the Illinois Department of Children and Family Services (DCFS)

- The Building Principal will check the agent's credentials and any papers pertaining to a legal process.
- The Building Principal will attempt to contact the student's parent(s)/guardian(s) and inform them that the student is subject to an interview, if appropriate.
- If the DCFS agent does not want a parent(s)/guardian(s) present or notified during the interview, this stipulation must be in writing and signed by the DCFS agent.

- Interviews will be conducted in a private setting. If the parent(s)/guardian(s) are absent, the Building Principal and one other adult witness, a member of the District staff, will be present during the interview.
- The student may be removed from school by the DCFS agent if case circumstances warrant. A local law enforcement agency officer, designated DCFS employee, or a physician treating a child may take or retain temporary protective custody of the child without the consent of the person responsible for the child's welfare, if (1) he or she has reason to believe that the child's circumstances or conditions are such that continuing in his or her place of residence or in the care and custody of the person responsible for the child's welfare, presents an imminent danger to that child's life or health; (2) the person responsible for the child's welfare is unavailable or has been asked and does not consent to the child's removal from his or her custody; and (3) there is not time to apply for a court order under the Juvenile Court Act for temporary custody of the child. The person taking or retaining a child in temporary protective custody shall immediately make every reasonable effort to notify the person responsible for the child's welfare and shall immediately notify the Department.
- No District employee may act as a DCFS agent.

Search of Property:

School authorities may search a student and/or personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District's student conduct rules. The search itself must be conducted in a manner that is reasonably related to its objective and not excessively intrusive considering the student's age, sex, and the nature of the infraction.

When feasible, the search should be conducted as follows:

- Outside the view of others, including students,
- In the presence of a school administrator or adult witness, and
- By a certificated employee or liaison police officer of the same sex as the student.

Immediately following a search, a written report shall be made by the school authority who conducted the search and given to the Superintendent.

Seizure of Property:

If a search produces evidence that the student has violated either the law or the District's policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

ACADEMIC INFORMATION

Grading System:

A – One who does outstanding work in class and does more than the work assigned by the teacher.

B – One who does better than average work and completes assignments on time.

C – One who finishes his required work and meets acceptable standards.

D – Assigned work is generally done, but the quality of work is poor.

Numerical Grades – Assigned to students doing failing work (below 70).

*Curriculum modifications will be made as necessary.

Grade	Range	Honor Roll Points
A+	97-100	4.0
A	93-96	4.0
A-	90-92	3.7
B+	87-89	3.3
B	83-86	3.0
B-	80-82	2.7
C+	77-79	2.3
C	73-76	2.0
C-	70-72	1.7
D+	67-69	1.3
D	63-66	1.0
D-	60-62	.7
Numerical Grades	50-59	0

Honor Roll:

Students in grades 5-8 are eligible for the Honor Roll. Honor Roll Averages are derived from the following areas of the curriculum. Reading, Math, Social Studies, Science, Language Arts. In grade 5 a student's Spelling grade is also counted towards Honor Roll. In grades 6-8, a student's Exploratory grades are counted toward Honor Roll. Health and Physical Education courses for students in grades 5-8 are Pass/Fail and do not count towards Honor Roll.

High Scholastic Honor Roll is gained through achieving superior scholastic achievement.

Scholastic Honor Roll is gained through achieving excellent scholastic achievement.

PE Requirements:

All students are required to take part in physical education classes. Any long term excuse of two (2) or more days must be requested in writing by a doctor licensed to practice in the State of Illinois. A parent may request, in writing, that a student be excused not beyond one (1) days. All students in grades five through eight are required to dress for P.E. a grey t-shirt and black shorts and PE shoes.

Fine Arts Requirements:

Band in grades 5-8 and chorus in grades 6-8 are optional courses for students. To ensure reasonable stability and avoid situations of exodus which could be harmful to the stability of the programs, the programs demand that the choice to participate ties the student in for a trimester at a time. The music instructor should be notified prior to the end of the trimester, by the parent, that their student will be exiting the program. Failure to comply with the compulsory trimester commitment may result in a failure in band/chorus for the remainder of the trimester involved. Any departure from this rule will be a result of approval by the student, parent, music instructor, administrator, and Board of Education.

Along with the commitment to participate in band/chorus is the additional responsibility to participate in performances and contests with the band and chorus. This requirement does not include beginner's band, as the purpose here is one of adjustment, and to test whether further participation would be of a positive nature to the program, student, parent, and music instructor.

Attendance Expectations:

Students are legally required to be in school except for instances of excused absence. There are only four legal reasons for school absence, which are:

- Illness
- Death in the immediate family
- Observance of a recognized religious holiday

- Reasons approved by the school administrator.

Other absences from school are considered unexcused. The school Principal has the right to determine what constitutes an excused absence. Any other absences are subject to legal prosecution of the parents or legal guardians.

Please do not send a sick child to school as it only spreads the illness to others. Children must be free of fever for 24 hours before returning. **If for any reason a child must be absent from school, parents should call the school office before 9:00 a.m. on the day the child is absent.** Parents may leave a voicemail message if calling before school hours. If the parent or guardian has not called the school, the District will attempt to contact the home or work to verify the absence.

If a child is absent for three or more consecutive days, a doctor's note will be required. Students will be considered truant unless the absence is cleared through the office within 24 hours upon the student's return to classes regardless of circumstances. Excessive absences will be referred to the principal for review and parental contact.

Unadvised Absence

This is an authorized absence for causes other than those considered as excused. Examples are: family vacations and non-school trips. A parent/guardian should make arrangements with the school in advance for such trips. Unadvised absences will count as a part of the student's total number of absences. Try not to schedule vacations and trips on days when school is in session.

Recording Absence vs. Tardy

Kindergarten–Grade 1

- Tardy: Less than two hours missed instruction
- Absence: More than two hours missed instruction

Grades 2-5

- Tardy: Less than one hour missed instruction
- Half-day absence: More than 1 hour of instructional time missed

Grades 6-8

- Tardy: Less than 40 minutes missed instruction
- Half-day absence: More than 40 minutes of instructional time missed

Truancy

Repeated absence from school without a valid excuse is considered truancy. The District will contact the parents/guardians as the first step in dealing with the problem. School resources such as the social worker, psychologist, etc. are available in attempting to find a solution. If the problem is not resolved at the school, it will be referred to the Regional Office of Education Truancy Specialists.

Home and Hospital Instruction

If a student misses school because of a severe medical condition which is corroborated by a physician, physical assistant, or advanced practice registered nurse, the student may be eligible to receive blended or online instruction. Eligibility shall be determined by State law and the Illinois State Board of Education rules governing (1) the continuum of placement options for students who have been identified for special education services or (2) the home and hospital instruction provisions for students who have not been identified for special education services. Appropriate educational services from qualified staff will begin no later than five school days after receiving a physician's written statement. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

Periodic conferences will be held between appropriate school personnel, parent(s)/guardian(s) and hospital staff to coordinate course work and facilitate the student's return to school.

Homework Policy:

The goal of homework should be to advance a spirit of learning and curiosity. All students attending Ladd Community Consolidated School are expected to finish work assigned by teachers and to hand it in on time. Late work will be accepted by teachers at a reduction in points determined by the teacher for each assignment. To the extent possible, homework will be limited to:

- Nightly reading
- Project based learning
- Student chosen options
- Studying for assessments
- Practicing math facts

Academic Dishonesty:

Academy dishonesty consists of offering and/or receiving information under circumstances when such offering and/or receiving such information is prohibited. This includes, but is not limited to:

- copying or offering answers to assignments or tests verbally, in written form, or electronically
- bullying or paying others to cheat
- bringing unauthorized information into a testing session
- having others (including parents/guardians and tutors) complete student work.

Academic dishonesty may result in a conference with the principal and parents, loss of credit for work, credit recovery, detention or suspension.

Retention of Students

It is the goal of Ladd Staff to ensure that all students have the support and interventions necessary to be successful at their grade level. Underperforming students will enter a problem solving process including the teacher, administration, parents, and other necessary support staff. Tiered levels of intervention will be administered and students will be progress monitored to accelerate growth and close the achievement gap. Ladd School does not prohibit retention, however, retention of students is a last resort after all other interventions have been tried. In cases of retention the following will be considered:

- Students will not be promoted to the next higher level based upon age or other social reasons not related to academic achievement.
- Kindergarten attendance is not state mandated; therefore, retention at this level will be a decision made at a conference between the teacher and the parent.
- Students in grades one or two who fail reading for the year and show low test scores in this area after significant intervention, may be considered for retention by the problem solving team, including parents, when it is considered in the best interest of the child. Students in grade levels 3-8 who have a failing percentage for at least two trimesters and have not shown significant improvement with intervention, may be retained or placed in a credit recovery program. Credit recovery may be required in the summer or after school. Additional judgment may rest in student attendance, student capabilities, testing results, teacher judgment, and the student's conduct or effort.

EXTRA-CURRICULARS

Eligibility:

Eligibility is in place for students in grades 5th-8th. Teachers calculate eligibility on the first student attendance day of the academic week. They will notify ineligible students and their parents. The ineligibility list is in effect until the first student attendance day of the following school week.

- Extra-curricular participation is a privilege afforded to students who exhibit proper scholastic effort.
- Teachers are to consider the student's ability to perform in relation to his/her effort rating.

Extracurricular Conduct:

All students in grades 4 through 8 at Ladd will have a student section designated for all home game seating at athletic contests in the gymnasium. Only students and cheerleaders of the Ladd CC School will be allowed to sit in this section, along with any designated supervisors. If this section becomes filled up, the administration or responsible adult in charge shall offer alternative seating.

The Superintendent or designee shall notify students and their parents/guardians of each of the following in accordance with the Right to Privacy in the School Setting Act, 105 ILCS 75/:

1. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.
2. School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

Chromebook Care:

Ladd School provides one to one chromebooks for students grades 3-8. By 5th grade students will be allowed to take the device home for the purpose of completing assignments, doing
